Correctional Officer Jobs

FROM: The Alabama Department of Corrections (ADOC)  
Personnel Division

**SUBJECT: PRE-EMPLOYMENT DRUG TESTING CONSENT MEMORANDUM**

The ADOC requires all correctional officer job applicants and staff to submit to a drug screening as a term and condition of employment. The purpose of the drug test is to ensure that all correctional officers are drug free and capable of performing their duties while maintaining high security and safety standards in the work place.

Before you can be considered for employment, re-employment or continued employment, you must submit to and successfully pass a drug test conducted from time to time by the Department. Therefore, you must carefully read and sign the statement below indicating your understanding of and consent to drug testing.

I understand that it is the ADOC's policy to require all applicants for Correctional Officer jobs and Correctional Officer staff members to take a drug test (testing of a urine specimen) as a term and condition of initial and continued employment. I further understand that my failure to submit to or a positive drug test would be cause for denial of employment or dismissal, if already employed. Therefore, I hereby knowingly and freely give my consent to submit to an ADOC drug test.
